The 335 was designed by Ted McCarty, who was the president of Gibson at the time. McCarty wanted to create a guitar that was versatile enough to be used for both jazz and blues, and that would also have a unique and distinctive sound. The 335's semi-hollowbody design gives it a warm, woody tone that is perfect for jazz, while its two humbucking pickups give it the power and sustain that is needed for blues and rock.

The 335 quickly became a hit with guitarists, and it has been used on countless classic recordings over the years. Some of the most famous players who have used the 335 include BB King, Eric Clapton, Chuck

Berry, Keith Richards, and Jimmy Page. The 335 has also been used by many other great guitarists, including Larry Carlton, John Scofield, and Pat Metheny.

The Gibson 335 is a truly iconic guitar, and it has played a major role in the history of music. It is a versatile and powerful instrument that can be used for a wide variety of musical styles. If you are looking for a guitar that will give you a unique and distinctive sound, the Gibson 335 is a great choice.
