In her book *Walking the Rez Road*, Ginny Ruffner takes readers on a journey through the heart of Indian Country. Through personal narratives, historical accounts, and cultural insights, Ruffner offers a unique glimpse into the challenges and triumphs of Native American people.

The book begins with Ruffner's own experiences growing up on the Blackfeet Indian Reservation in Montana. She writes about the poverty, the

racism, and the alcoholism that she witnessed firsthand. But she also writes about the beauty of the land, the strength of her people, and the power of hope.

Ruffner's book is not just a personal story, however. It is also a work of history and culture. She tells the story of the forced removal of Native Americans from their traditional lands, the establishment of reservations, and the ongoing struggle for self-determination.
